

## How to find unlicensed images on Google?

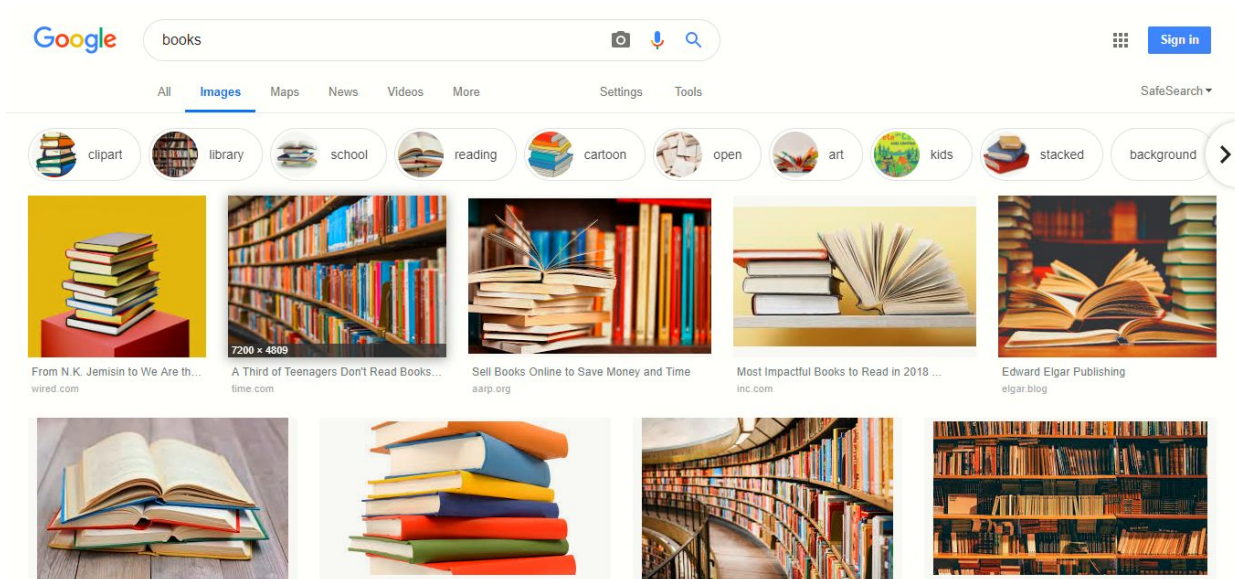

1. Type in the google search engine the images you are looking for. Here we are looking for 'books'. Then click on search.

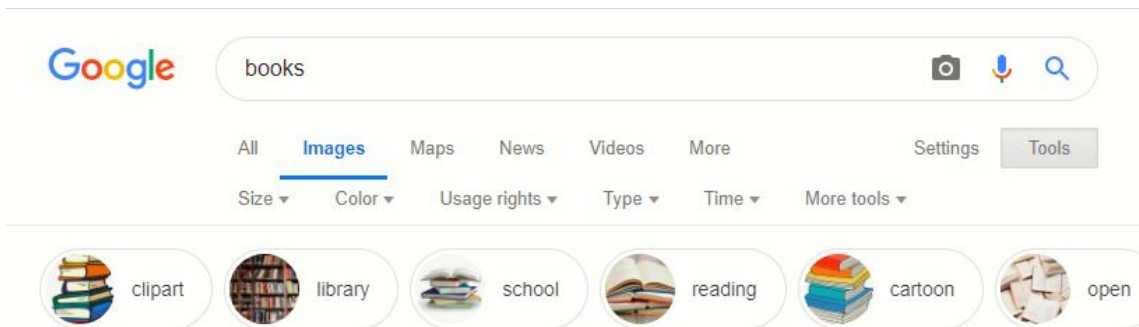

2. Click on the **Images** button to display all the images.

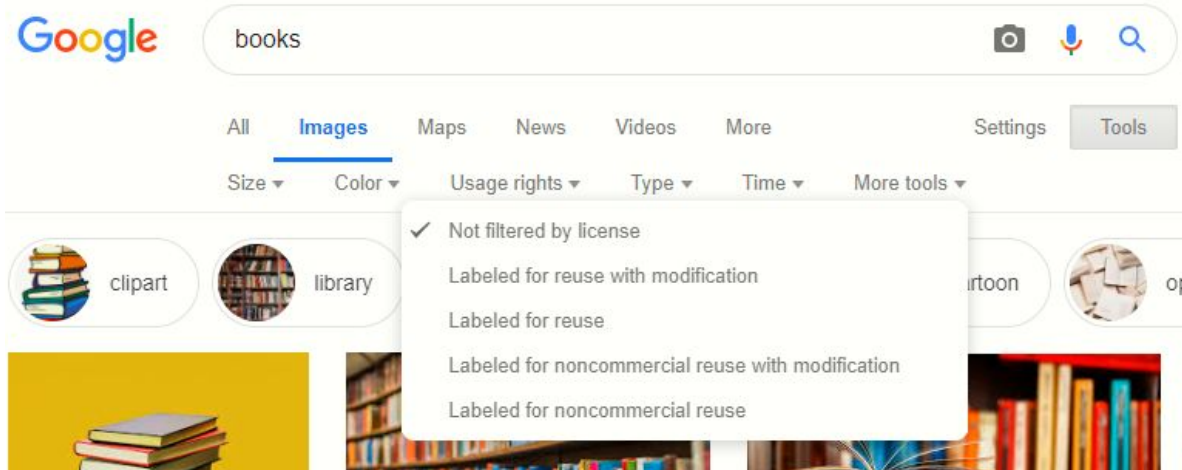

3. Next click on the **Tools** button on the right.

4. Then click on **Usage rights**.

5. Finally, click on ***Labeled for noncommercial reuse with modification***.

6. There you go! You can now use unlicensed images for your Bookhoof Project.
